Total Weight: 1.760

METHOD

1. Place all ingredients into mixing bowl. (Except inclusions).
2. Mix for 2 minutes on slow speed and 8 minutes on fast speed.
3. Add in the inclusions on the last 2 minutes of mixing.
4. Bulk ferment dough for 10 minutes.
5. Scale heads of dough at 450g, mould round and rest for 5 minutes.

6. Mould dough into desired shape and dust with flour.
7. Prove for ± 40 minutes at 40°C and 70% relative humidity.
8. Place into a pre-heated oven, heated to 240°C, steam the product well then drop the temperature to 220°C, bake for ± 25 minutes opening the damper on the last 10 minutes.
